Childs, Sidney [President, Students' Administrative Council] Dec. 1915 - May 1916
(11)

December 14th, 1915

S. Childs, Esq.,

Trinity College.

Dear Mr. Childs:

I should be glad to write an article for you for the second magazine number of "Varsity". If you will let me know the length of the article I shall set about doing it as soon as possible.

I think it is very doubtful whether I can secure from the Governors help for this special issue of "Varsity" as the Governors will want no space for the purpose of publishing contributions for the Base Hospital. Since the last issue there have been few coming in.

I shall be glad, however, to talk to you at any time about the special issue. I may say that the Governors will not meet in any case now until the second Thursday of January, which is the 13th.

With kind regards, I am,

Yours sincerely,

President.

The Varsity Magazine Supplement

Trinity College.
Toronto
Dec 31st 1915.

President Falconer.
University of Toronto

Dear Sir, I thank you for your favour of the 14th inst. and regret that through illness I have been unable to reply earlier so I must ask you to forgive delay.

I shall be glad to leave the length of the article for your own judgment. We shall be pleased to include as much as you find time to give us. The second number will have the same sized page as the last one and if you could give us enough material for say, two pages, I am sure that will not be too much for us.

With best wishes for the New Year

Yours sincerely
Sidney Childs.

President Falconer,

University of Toronto.

Dear Mr. President:-

Mr. Grant informs me that the Bursar does not consider himself authorized to collect Students' Council fees from the Faculty of Forestry, and has refused to accept the fees from Forestry men.

I do not know if this is due to any error in the Bursar's instructions from the Board of Governors. Will you kindly enquire into this matter as The Council has been issuing Varsity to Forestry Students, and they are under the impression that the fees are due by them to the Council, before they obtain Torontonensis for the graduating year.

I remember that at the meeting between the Students' Council Executive and the representatives of the Caput, at which the imposition of the $2.00 fee was discussed, ~~and~~ it was distinctly understood that the Faculty of Forestry came under the arrangements.

I remain,

Yours sincerely,

Sidney Childs.

Pres. of Council.

May 4th, 1916

S. Childs, Esq.,

President, Students' Council.

Dear Mr. Childs:

When I met you at Trinity a week ago you told me that you thought the special number of "Varsity" would be issued in the summer and that the proceeds would be assigned for the maintenance of the University Base Hospital at Salonica. I think I told you then that the needs of the University Base Hospital have been well provided for and that there will probably be enough of money to maintain it for some time to come. Meantime I have been approached by the Commanding Officers of the two new university units, the Artillery unit and the Officers Training unit. Both of these will require considerable sums of money for their equipment and expenses which are not provided for by the Government allowance. Every unit must raise additional funds. It occurred to me that you might be willing to devote the proceeds of the special issue of "Varsity" to these two units. I should think that these units would appeal both to your readers and to the students at large. Will you be good enough to let me know soon your opinion on this matter ?

With kind regards, I am,

Yours sincerely,

President.
